

Sales list RSH POLYMERE:		Date of publication: 21.03.2024
Number	Material description	Main properties
1	ABS rCompound black injection grade with good surface quality	MFR 13; Charpy 23° = 10
2	ABS rCompound mixed color or grey injection grade with average surface quality	MFR 10; Charpy 23° = 10
3	HDPE Granulate Near to prime white	MFR 1/Density 955
4	HDPE Recycled pellets black blow molding grade with EVOH	MFR 1.15-1.30 (190°/5kg)//Density 970 - 981
5	HDPE Recycled pellets black pipe grade with PP content and average surface quality	MFR 0.5 - 1.0
6	HDPE Recycled pellets grey blow molding grade with low EVOH	MFR 0.63 - 0.95 (190°/5kg); Density 950 - 964
7	HDPE Re grind grey from blow molding with EVOH content	MFR 1.70 - 2.11 (190°/5kg)
8	HDPE Re grind mixed color/black from pipe extrusion and blow molding (post industrial and dismantling)	MFR 0.22 - 1.21 (190°/5kg)
9	LDPE Recycled pellets transparent film grade with EVOH content	MFR 0.5 - 1.0
10	LDPE Recycled pellets whitish with 5-10% PP and low HDPE content	MFR 0.7 - 2.4
11	LDPE Recycled pellets whitish with low HDPE content	MFR 0.82 - 0.98
12	LDPE Recycled pellets whitish with low PP and HDPE content	MFR ca. 0.7 - 2.0
13	LDPE Recycled pellets whitish with low PP content	MFR 0.78 - 1.08
14	POM Re grind transparent from medical application	ex Hostaform C31021
15	PP Random Recycled pellets transparent extrusion grade	MFR 2 - 3
16	PP Recycled pellets transparent injection grade high impact	MFR 4 - 6; Charpy 23° = 60
17	PPC virgin granules transparent off grade	MFR 0.3
18	PPH virgin granules transparent off grade	MFR 0.8 1% PE content
